    - Follow-up: Can you recall a movie where the soundtrack made a big difference?

5. Do you prefer watching new releases or classic movies?
    - *I like keeping up with new releases; they're more relatable.*
    - *I love classics; they have a timeless charm.*
    - Follow-up: What aspects of new releases or classics appeal to you?

Section 3: Report Writing Exercise

Example Report:

I interviewed Maria about her movie preferences. She enjoys watching comedies the most because they make her laugh and feel relaxed. Maria often watches movies at home, especially on weekends. She tried watching a sci-fi movie recently, which was new for her, and surprisingly, she enjoyed it. Maria usually watches movies alone but sometimes joins her family for a movie night, where they mostly watch animated films. Her favorite part about watching movies is the stories that transport her to different worlds. She mentioned that she wants to explore more genres in the future.
